Certificates

Highest quality standards and minimum error rates thanks to process-oriented quality assurance in all stages of production and development / Total Quality Management (TQM) according to DIN EN ISO 9001, certified since 1993 as the first company of the industry.

This results in products that receive the highest awards from even independent testing institutes.

Abbiamo standard di qualità elevatissimi e una percentuale di errori minima, grazie a un control o qualità rigoroso e orientato al processo produttivo in tutte le fasi di produzione e sviluppo / Total Quality Management (TQM), qualità totale secondo la norma DIN EN ISO 9001, certificata dal 1993 come prima azienda del settore.

Grazie a questo, i nostri prodotti ricevono i massimi riconoscimenti anche da istituti e laboratori di prova indipendenti.

Awards

At Interstuhl we are proud of how we manage the design and the products which result. We have high standards and how good our products should be and, increasingly, we receive awards with product and design awards from around the world.
